

Our mission, to honor DC firefighters who have died in the line of duty with a public memorial that immortalizes their ultimate sacrifice.

Founded in August 2017, The DC Fallen Firefighters Memorial Foundation is a 501(c)3 registered in the District of Columbia.

We represent the 100 DC LODDs (from 1856 to 2015), their families and brothers they've left behind. We're working to raise the funds to build a memorial Centrally located in the District of Columbia.

Please consider a tax-deductible donation to DCFM.
For more information or to make a donation please visit us online or call (443) 254-2073.
