

# Are you a retired firefighter in D.C. who is in need of will writing services?

## Wills For Heroes

**Bank of America**, in collaboration with the **D.C. Bar Pro Bono Center** and the law firms **Bradley Arant Boult Cummings** and **Cadwalader, Wickersham & Taft**, are commemorating 9/11 this year with a program to help DC firefighters and veterans prepare critical future planning documents.

### Such documents include:

Last Will & Testament  
Healthcare Power of Attorney  
General Power of Attorney

The **D.C. Bar Pro Bono Center** will coordinate this program by connecting interested **firefighters and veterans** with **trained volunteer attorneys** who will counsel veterans over the summer on their **future planning options** and help them develop draft documents. **Participants will complete and sign them in an event on 9/11.**

If you are a **firefighter** or **veteran** with gross income at or below **\$60,000 a year (\$5,000/month)** and are interested, please contact Murray Scheel.
